

<b>Symposium 1: Caltech, Chen 100, 9/18/25</b>	
10:30 – 11:00 AM	Check-in: coffee and snacks available
11:00 – 11:10 AM	Introduction – <a href="#">Ueli Rutishauser</a>
<b>Session 1</b>	<b>Circuit Neuroscience and Impact of Disease.</b>
11:10 – 11:40 AM	<a href="#">David Rowitch (CSMC)</a> : <i>Brain development from the first breath</i>
11:40 – 12:10PM	<a href="#">Celine Riera (CSMC)</a> : <i>Hypothalamic neurons in the control of energy balance and body weight</i>
12:10 – 12:40PM	<a href="#">David Anderson (Caltech)</a> : <i>A population-coding perspective on the hypothalamus</i>
12:40 – 1:40 PM	Lunch
<b>Session 2</b>	<b>Computational Biology/Modeling/Computing</b>
1:40 – 2:10	<a href="#">Jason Moore (CSMC)</a> : <i>Accessible artificial intelligence for predictive analytics</i>
2:10 – 2:40 PM	<a href="#">Costas Anastassiou (CSMC)</a> : <i>Reverse-Engineering the Human Brain: From Cells to Cognition</i>
2:40 – 3:10PM	<a href="#">Yisong Yue (Caltech)</a> : <i>Towards Foundation Models for Neuroscience</i>
3:10 – 4:00 PM	Networking Tea: coffee, tea and treats
